(Available on request)

Sub-Processors

Nota Magic VCC, as Processor under GDPR Art. 28, uses the following Sub-Processors to provide our services and manage professional business outreach (Prospect Data). All operate under GDPR-compliant data processing agreements. Personal Data is primarily hosted within the EEA. Where services are provided by entities based outside the EEA (e.g., USA), such transfers are strictly governed by the EU-U.S. Data Privacy Framework (DPF) or Standard Contractual Clauses (SCCs) to ensure an equivalent level of protection.

Sub-Processor	Country	Purpose	Data Processed	Safeguard
Render Inc. 651 N Broad St, Suite 201, Middletown, DE 19709, USA (EU servers: Frankfurt, Germany)	USA (EU servers)	Primary hosting, database (PostgreSQL), file storage (MinIO)	All Customer Personal Data	DPA, EU processing only
Google LLC (Vertex AI) 1600 Amphitheatre Pkwy, Mountain View, CA 94043, USA (EU processing)	USA (EU processing)	AI document processing and ID extraction	Document content for processing only	DPA, EU SCCs, EU regions only, no AI training on customer data
Stripe, Inc. 510 Townsend Street, San Francisco, CA 94103, USA Stripe Payments Europe Ltd, 1 Grand Canal Street Lower, Dublin 2, Ireland	Ireland (EU)	Payment processing and billing	Billing data, payment details	DPA, EU-US DPF, Irish entity
Ionos SE Elgendorfer Str. 57, 56410 Montabaur, Germany	Germany (EU)	Email services	Email addresses, correspondence	DPA (Art. 28 GDPR)

Google LLC (Workspace) 1600 Amphitheatre Pkwy, Mountain View, CA 94043, USA (EU data residency)	USA (EU residency)	Internal business email and document storage	Internal communications only	DPA, EU SCCs, EU data residency configured
Foo Monk LLC (Instantly.ai)	USA	Email outreach automation	Professional identity and firm data, including: First/Last Name, Firm name, Firm size, County, Admission Year ("Admitted"), Practising Field, Business Address, Phone, Fax, Website, and Professional Email Addresses.	DPA (Art. 28 GDPR), EU Standard Contractual Clauses (SCCs), and EU-U.S. Data Privacy Framework (DPF)

Note: Plausible Analytics is used for anonymous website traffic counting. As Plausible collects no personal data and sets no cookies, it does not qualify as a sub-processor under GDPR and is not listed above.

Changes to this list communicated at least 14 days before taking effect by email to registered address.
